Tender Coconut Brand

Premium Healthy Snacking

WHAT IS COCO MONKIS?

Coco Monkis is a brand built with one core **mission** — to keep people hydrated through the power of fresh Tender Coconuts, delivered directly from farm to consumer.

Today, tender coconuts are an everyday purchase — but the entire market is completely unorganized. Consumers have no visibility into when a coconut was harvested, how it was stored, or whether it is truly fresh. Vendors operate with no labeling, no expiry information, and no hygiene guarantee.

Coco Monkis is changing that. We have built an organized, technology-enabled farm-to-consumer delivery system that ensures freshness, traceability, and hygiene — with every coconut reaching the consumer within 24 hours of booking.

"From an unorganized market to a trusted brand — Coco Monkis brings transparency, hygiene, and freshness to every coconut delivered to your door."

OUR PRODUCTS

Coco Monkis offers two flagship products — each designed for a distinct consumer need, and both delivering on our promise of freshness, hygiene, and convenience.

PRODUCT 1 — SEMI TENDER COCONUT

*Fresh | Hydrating |
Natural*

Maturity: 6–7 months | Full coconut water | No malai

What Makes It Different?

Our Semi Tender Coconut is sourced fresh, packed the same day, and delivered within 24 hours of booking. Every coconut carries a Packed By Date, Expiry Date, and Weight label — a transparency standard no roadside vendor can offer.

This is not just a coconut — it is a verifiable, hygienic, freshness-guaranteed product that brings organization to a completely unorganized market.

The Diamond Polished Coconut is our hero product — a fully trimmed, white-shelled coconut with precision-cut facets, offering an elevated consumption experience. Designed for luxury room hampers, 5-star hotels, premium cafes, and corporate gifting.

Unique advantage: consumers do NOT need a vendor to cut it. The design allows easy self-opening from the back — making malai scooping effortless at home with zero tools and zero mess.
